## Consumer Notes:

Well, there's certainly a lot of stuff being released this month ... this can only mean one thing: Fall is here! Several highly anticipated titles are shipping: "Cowboy Bebop" (expect to hear THAT name a lot this season), Macross Plus on DVD (wish I had a nickel for each person to ask for THAT) and "Rayearth"! If that weren't enough, there's also the third "Tenchi Muyo" movie, Blue #6 and (finally) Urotsuki Doji on DVD, not to mention all that new merchandise!

## JEFF'S PICK(S) OF THE MONTH

This is a tougher than usual month to pick the standout title since there are a number of things that are really cool. I think, though, I've got to go with Bebop since it's so cool. With more than a passing resemblance to Lupin the Third, it's ultimately a more satisfying product than Gunsmith Cats (which it also bears a resemblance to in terms of the show design). Expect to hear a lot about this ... if you haven't already!
